## PERA-PELLENC

### **SMART PRESS – a new range of intelligent pneumatic presses**

---

Pera-Pellenc presents Smart Press, a new range of open or closed tank pneumatic presses in capacities from 20 to 150 hl. The Smart Press incorporates as standard the latest pressing innovations: smart pressing control system, touchscreen with intuitive user interface and easy-clean drainage screens covering the inside of closed-tank presses.

The Smart Press has been developed to save time and energy, simplify press use, improve user safety and facilitate cleaning while improving juice quality.
